A city without trees

☆ ☆ ☆

Name: _____ Date: _____

1 Think and talk

Talk about these with a grown-up. You can write or draw your answer.

- What would happen to a city if all its trees were cut?
- Who should decide whether an old tree can be cut for a road?
- How do plants and people depend on each other?

2 My greener street

Redraw your street with more plants. Label each plant and why you put it there.
