Name: _____

Balancing Act Game

Learning Goals: Students will be able to:

1. Describe the factors that determine whether two objects will balance each other
2. Predict how changing the position of a mass on the balance will affect the motion of the balance
3. Use a balance to the find the masses of unknown objects

Open the full simulation **Balancing Act**, then open the **Game** screen. Use ideas you have from the learning goals. You may need to use the Intro and Balance Lab screens to learn.

1. Play Level 1
   a. Did you have to change your thinking or do you have other ideas to make you get a better score? Include screen captures from the simulation to help explain.
   Answer
